

## Table of Suggested Abbreviations using the EUCAST System\*

Entries in **orange** required application of the rules

| Agent                   | Code | Agent                     | Code | Agent                         | Code |
|-------------------------|------|---------------------------|------|-------------------------------|------|
| Amikacin                | AMI  | Florfenicol               | FLO  | Streptomycin                  | STR  |
| Amoxicillin             | AMO  | Fosfomycin                | FOS  | Sulbactam                     | SUL  |
| Amoxicillin-clavulanate | AMC  | Flucloxacillin            | FLU  | Sulfisoxazole                 | SIS  |
| Ampicillin              | AMP  | Fusidic acid              | FUS  | Sulfamethoxazole              | SME  |
| Ampicillin-sulbactam    | AMS  | Gamithromycin             | GAM  | Sulfathiazole                 | STH  |
| Avibactam               | AVI  | Gepotidacin               | GEP  | Tazobactam                    | TAZ  |
| Azithromycin            | AZI  | Gentamicin                | GEN  | Tedizolid                     | TED  |
| Aztreonam               | AZT  | Imipenem                  | IMI  | Teicoplanin                   | TEI  |
| Benzylpenicillin        | BEN  | Kanamycin                 | KAN  | Telavancin                    | TEL  |
| Cefaclor                | CCL  | Levofloxacin              | LEV  | Telithromycin                 | TEH  |
| Cefadroxil              | CDR  | Linezolid                 | LIN  | Tetracycline                  | TET  |
| Cefalexin               | CLE  | Marbofloxacin             | MAR  | Tiamulin                      | TIA  |
| Cefazolin               | CZO  | Meropenem                 | MER  | Ticarcillin                   | TIC  |
| Cefepime                | CEP  | Mecillinam                | MEC  | Ticarcillin-clavulanate       | TIL  |
| Cefixime                | CIX  | Methicillin               | MEH  | Tigecycline                   | TIG  |
| Cefotaxime              | CTA  | Metronidazole             | MET  | Tildipirosin                  | TID  |
| Cefoxitin               | CXI  | Minocycline               | MIN  | Tilmicosin                    | TIM  |
| Cepodoxime              | CPO  | Moxifloxacin              | MOX  | Tobramycin                    | TOB  |
| Ceftaroline             | CTL  | Mupirocin                 | MUP  | Trimethoprim                  | TRI  |
| Ceftazidime             | CTZ  | Nalidixic acid            | NAL  | Trimethoprim-sulfamethoxazole | TRS  |
| Ceftazidime-avibactam   | CTV  | Netilmicin                | NET  | Tulathromycin                 | TUL  |
| Ceftibuten              | CTI  | Nitrofurantoin            | NIT  | Vaborbactam                   | VAB  |
| Ceftiofur               | CTF  | Norfloxacin               | NOR  | Valnemulin                    | VAL  |
| Ceftobiprole            | CTO  | Novobiocin                | NOV  | Vancomycin                    | VAN  |
| Ceftolozane-tazobactam  | CTT  | Ofloxacin                 | OFL  | Spectinomycin                 | SPE  |
| Ceftriaxone             | CTR  | Orbifloxacin              | ORB  | Streptomycin                  | STR  |
| Cefuroxime              | CUR  | Oritavancin               | ORI  | Sulbactam                     | SUL  |
| Chloramphenicol         | CHL  | Oxacillin                 | OXA  | Sulfisoxazole                 | SIS  |
| Ciprofloxacin           | CIP  | Oxytetracycline           | OXY  | Sulfamethoxazole              | SME  |
| Clarithromycin          | CLA  | Pefloxacin                | PEF  | Sulfathiazole                 | STH  |
| Clavulanic acid         | CLV  | Phenoxymethypenicillin    | PHE  | Tazobactam                    | TAZ  |
| Clindamycin             | CLI  | Phenticilllin             | PHN  | Tedizolid                     | TED  |
| Cloxacillin             | CLO  | Pipemicid acid            | PIE  | Teicoplanin                   | TEI  |
| Colistin                | COL  | Piperacillin              | PIP  | Telavancin                    | TEL  |
| Dalbavancin             | DAL  | Piperacillin-tazobactam   | PIT  | Telithromycin                 | TEH  |
| Daptomycin              | DAP  | Pirlimycin                | PIR  | Tetracycline                  | TET  |
| Dicloxacillin           | DIC  | Pradofloxacin             | PRA  | Tiamulin                      | TIA  |
| Difloxacin              | DIF  | Quinupristin-dalfopristin | QUD  |                               |      |
| Doripenem               | DOR  | Relabactam                | REL  |                               |      |
| Doxycycline             | DOX  | Retapamulin               | RET  |                               |      |
| Enrofloxacin            | ENR  | Rifampicin                | RIF  |                               |      |
| Ertapenem               | ERT  | Roxithromycin             | ROX  |                               |      |
| Erythromycin            | ERY  | Spectinomycin             | SPE  |                               |      |
